

CHÂTEAU TOUR DE TOURTEAU

APPELLATION : CÔTES DE BOURG

The Côtes de Bourg vineyards, some of the oldest in Bordeaux, are located on three rows of hills parallel to the Gironde estuary. The proximity of two rivers and the estuary, which are heavily affected by ocean tides, plays an enormous role in keeping the microclimate temperate.

Château Tour de Tourteau is located in the commune of Samonac, in the heart of the Côtes de Bourg appellation. The vineyard benefits from a remarkable South / South-West sun exposure.

Technical Information

Grape Varieties

- Merlot 60%
- Cabernet Sauvignon 30%
- Malbec 10%

Owner

M. Guy CAUSSAN

Bottling at the Château

Surface

21 ha

The harvests are mechanical and followed by a 20-days maceration in stainless-steel vats. The bottling is carried out at the Château two years after the harvest.

Tasting

Château Tour de Tourteau has an intense robe with deep garnet-red hints. The bouquet is powerful, intense, with candied red-berry fruits aromas, ending with dry fruits and tobacco notes. On the palate it is fleshy, mouthful and it reveals robust tannins.

Best With

Best served between 16° and 17°C, Chateau Tour de Tourteau will be best enjoyed with grilled and roasted red or white meats. It will be also a good accompaniment to delicatessen meats and medium-flavoured cheeses.
